

MINISTERIAL SUPPORT

The mission of Arms Stretched Wide is to provide mental health awareness, access to resources,and compassionate support to achieve a healthier well-being.

Compassion Fatigue

At ASW, we desire to work alongside ministry leaders to give them the tools to recognize compassion fatigue and burnout and to help them recover from the demands of their job.

Pastoral Care & Mental Health

Our team can provide training to equip pastors to meet the mental health challenges in their church and community.

Biblical Counseling

ASW connects church staff members their spouses with counseling services. We also strive to assist with the financial burden of counseling services whenever needed.

Conflict Resolution

Through our consultation, counseling, and coaching services, we assist ministry leaders and church members in resolving conflicts in a biblical and constructive way.

ASW Arms Stretched Wide

MISSIONARY SUPPORT

The mission of Arms Stretched Wide is to provide mental health awareness, access to resources, and compassionate support to achieve a healthier well-being.

At Arms Stretched Wide, we value providing services to missionaries who are serving on the field, on furlough or who have retired. Missionaries often do not have a safe place to share and process mental health concerns or challenging seasons in their lives. Through donor support, ASW desires to offer these services free or at a reduced cost. If you or your church is aware of a missionary in need of these services, please help us connect with them.

- **Connection to Resources**
